

Key Features

- Compatible with PROLINE LHD systems
Can be used as EOL or in-line junction box
- IP65 rating
- Suitable for general indoor & outdoor use

Overview

Proline Digital Junction Box are suitable for use with Proline Digital linear heat detections systems.

The junction box is a quick and efficient method of interconnecting and joining lengths of Proline Linear Heat Sensing Cable. It can also be used as an in-line junction box for the incoming leader cable. It comes supplied with two glands and has a five-way DIN rail mounted terminal block within.

Technical Data

Enclosure Ambient Temperature	-25°C to 40°C (-13°F to 104°F)
Dimensions (W x H x D)	94 x 94 x 57mm
Weight	0.26kg
IP Rating	IP65
